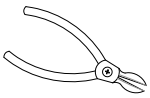
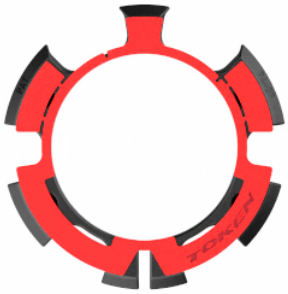
How to use the Multi-Function Top Cover Spacer :

No.② TK1531-4

For all systems, add one Multi-Function Top Cover Spacer to the systems when the gap between the headtube and top cover is smaller than specified below:
- Type 1 system: Smaller than 0.5mm.
- Type 2 & Type 4 systems : When the top cover contacts the headtube.

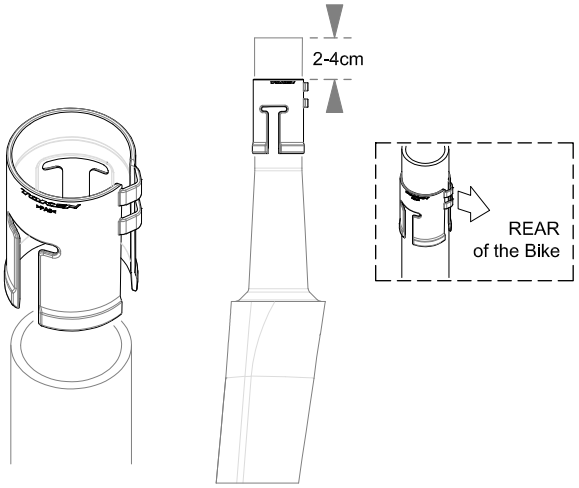


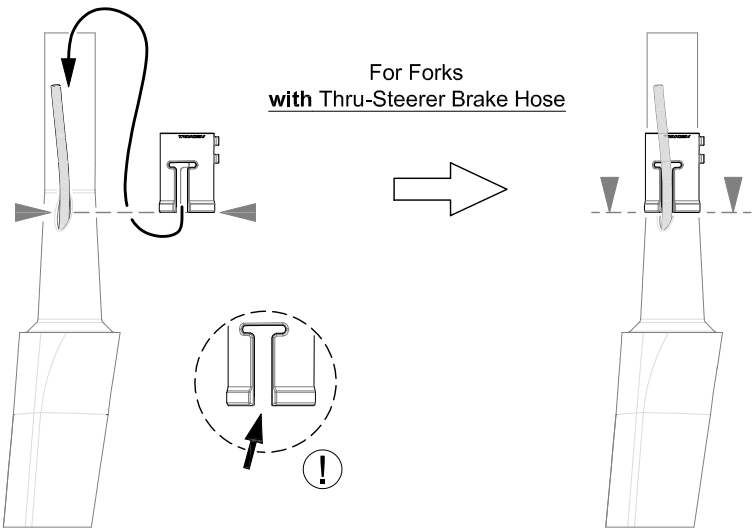
Always remove unneeded parts of the Multi-Function Top Cover Spacer with cutting pliers for best result.



Type 1

Type 2

Type 4




STEERER PROTECTOR
